IN THE CHURCHES.

Discourses of Universal Interest By Distinguished Divines.

DR. NOURSE'S SERMON.

The Rev. M. J. Savage, of Boston; Rev. Dr. Hawes, of Connecticut, and Bishops Lyman and Neely, all Visitors to the City, Preach to Large Congregations—The Taber-nacle's New Pastor.

The churches were largely attended yesterday and many of the services were of a memorable and interesting character.

The Rev. Minot J. Savage, of Boston, preached morning and evening at All Souls' Unitarian Church to large and distinguished audiences.

Rev. Dr. Power, at the Garfield Memorial Church, preached another of his series of sermons on "The Miracles of Christ." At St. John's, Georgetown, tue Rev. Dr. Lindsey continued his series of lectures on

the "Influence of Christianity."
At the Congregational Church the Rev. Dr. Hawes, of Connecticut, who is con-sidered as the next rector of the church, conducted the services and preached morn-

sidered as the next rector of the church, conducted the services and preached morning and evening.

Bishops Lyman and Neely, who came to the city to attend the services of consecration of Bishop Paret, remained over Sunday and preached yesterday, the former at Ascension and the latter at Epiphany Church.

Bishop Neely, in the course of his morning sermon, culcipized his former classmate. Bishop Paret, in the highest terms, and said that the Diocese of Maryland was especially fortunate in securing such a bishop. He said that it was doubly gratifying to him because he would have the pleasure of again conferring with his old friend; and, secondly, because such a man had been gained for the episcopacy.

Bev. J. O'Sullivan, pastor of Sr. Peter's Cathelic Church, yesterday read a statement for the past year of the church's finances. The recolpts were \$7,743.56 and the expenses \$7,231.30, leaving \$512.26 to be applied to the debt. The amount of debt on the church is \$12,081.40.

The financial report of the Caurch of the Immaculate Conception for the past year shows the receipts to have been \$7,223. The disbursements, including \$1,400 paid on the debt, leave a balance of \$89.43.

'The Intelligence and Science of Christ' formed the subject of an interesting sermon delivered yesterday morning by Rev. Dr. Chapelle, at St. Matthew's Church. Taking for his text Luke il., 42, et seq., the eloquent divine discussed the aspect of Christianity as a religion with special reference to the tendency of our age toward scientific development.

The pregramme of the Moody evangelistic

tendency of our age toward scientific development.

The programme of the Moody evangelistic meetings, at the Congregationalist Church, has been announced, as follows: Friday—10 to 11 a. m., "How to Reach Non-Church-Goers;" 11 to 12 a. m., "How to Promote Spiritual Life in the Churches," opened by Bishop J. G. Andrews; 12 to 1 p. m., noon prayer-meeting; 3 p. m., address; 7:30 p. m., mass-meeting.

Saturday—10 to 11 a. m., "The Use of the Bible in Christian Work," opened by J. M. Gregory, LL. D.; 11 to 12 a. m., "How to Promote Revivals," opened by Rev. W. A. Bartlett, D. D.; 12 to 1 p. m., noon prayer-meeting; 3 to 4 p. m., address; 7:30 p. m., for men only.

Sunday—9 a. m., 3 p. m. and 7:30 p. m.

Monday—10 to 11 a. m., "Buried Talent," Rev. A. W. Pitzer, D. D.; 11 to 12 a. m., "Question Drawer;" 12 to 1 p. m., noon prayer-meeting; 7:30 p. m., for men only. Speakers' opening topics are limited to fifteen minutes; five-minute addresses will follow, and Mr. Moody will close the discussion, speaking on each topic and conducting all.

It is evident that the church will be crowded to overflowing throughout the

It is evident that the church will be crowded to overflowing throughout the series of meetings.

A large congregation greeted the Rev. Dr. Nourse at the Tabernacle yesterday morning. Among the notices which he read was his official acceptance of the pastorate of the Tabernacle and his desire to begin his labors at once. After reading the Scripture lesson, from Isaiah Ixi., he delivered an eloquent and very practical discourse from Luke v., 4, 5 and 6. The subject was the miraculous draught of fishes, following the Master's command to "Launch out into the deep." The practical lessons were that, like the fishermen of Gaillee, the Church and the ministers were following the Master's command to "Launch out into the deep." The practical lessons were that, like the fishermen of Galilee, the Church and the ministers were to catch men; this was their first work. They, the disciples, had failed up to this time; not because they had fished at night, for that was the best time; not because they fished in the wrong place, they were professionals and knew the right place; not because they need the wrong net, for with the same net they soon filled the ship, but because they fished where there was no fish to catch; they were too near the shore. Don't fish in empty water; don't try to catch men where there are no men to catch. Now, as in the depths of the Galilean Lake, there were multitudes of fish. In like manner the great masses of men are in the depths of ignorance, want and sin. To such the Savior came. "The whole need not a physician, but those who are sick." Consider that to the poor and outcast, the lowly, the common people, He preached. This is or should be our life work. "Let down the net for a draught." "Fire low" was an order often repeated during the late war. Neither the church nor the minister should throw the net into the air after birds of gay and brilliant plumage, but cast it down for the fish; do not go down yourself for you can do no good. Let the net down, however, as low as the fish are. The true art of fishing is to draw fish to the fishers.

This is then the true mission of the church, no matter how hopeless the task may seem. We have only to let down the net at his word.

Rev. Robert Nourse is a man of striking

may seem. We have only to let down the net at his word.

Rev. Robert Nourse is a man of striking personal appearance, a fluent and rapid speaker, and has a good delivery. His face, which is perfectly smooth, shows marks of determination and energy in its square fullness below and high forehead above, and is well set off by iron grey bushy hair. His discourse was written in full, but was given with force and expression, his illustrations being unusually effective. A series of "Religious progress prayer-meetings" for "Beligious progress prayer-meeting" have been begun, and will be continued on successive Wednesday evenings in the church, to which all are invited. The in-stallation services will be held on the 19th

Bishop Paret will receive his late parish-loners and other friends at his residence, on New York avenue, from 7 to 9 o'clock this

The consecration of the Epiphany Church, The consecration of the Epiphany Church which takes place Wednesday morning, will be the first efficial act of the new Bishop. The ceremony will take place at 10:30 o'clock, and Rev. Dr. Hodges, of Baltimors, will probably preach the sermon, Bishop Faret performing the act of consecration. This will be done strictly according to the rabric. Several high ecclesiastics of the Episcopal Church are expected to be present. Mr. Robert C. Fox recently re-elected superintendent of the First Haptist Sanday-school and which position he declined, at the carnest solutiation of the teachers and scholars has decided to accept the position.

THE DEATH OF DR. LINTHICUM.

Foul Play is Suspected. The mother and other relatives of Dr. John Linthleum, who died at Kearney, Nob., January 3, as stated in THE CRITTO have been much distressed because of the vagueness of the statements which have been sent concerning his death. Dr. Lin-thicum was the son of Mrs. Lucretia Lin-

been sent concerning his death. Dr. Linthicum was the son of Mrs. Lucretla Linthicum, of Baltimore, and a graduate of the College of Physicians and Surgeons of that city. Foul pidy is suspected. The suspicious are directed toward Dr. C. A. Jackson, the deceased's partner in Kearney.

Last spring Linthicum, having several theurand dellars to Invest, answered an advertisement from Dr. Jackson. The two men came to terms and went was. Mrs. Linthicum heard very little from son. On Tuesday last she received a lispatch, which said: "John Linthicum is dead." Mrs. Linthicum telegraphed to Jackson, but he failed to reply. The coroner, however, sont word that an inquest has been held and that the proceedings would be forwarded by mall. Yesterday morning Mrs. Linthicum called at the latter's house to sit up with him the night before he died. At nine o'clock, however, Pr. Jackson and his daughter, who lived with Dr. Linthicum, entered the room and insisted on the visitors leaving, stating that they would take care of the patient. At five o'clock the following morning Dr. Linthicum died. Mr. Beeschatter added that when he entered the room Linthicum seemed to be suffering very much and was unable to talk. The only words he uttered were: "If I could only tell you something."

The person in whose family Dr. Linthicum resided while practicing at Glendale, Md. wrote to Dr. Jackson immediately on learning of Dr. Linthicum's death, but Dr. Jackson has not yet replied.

M'DONALD POR THE CABINET.

M'DONALD FOR THE CABINET.

He is Heartily Indorsed by His Party at Home and Eisewhere. From what I have seen and heard and after reasoning with the situation, I should think there is little doubt that ex-Senator McDonald will be included in the make up of Mr. Cieveland's Cabinet," said the up of Mr. Cleveiand's Cabinet," said the Hon. John C. New, of Indiana, to a Critro man to-day. "He is indorsed by the cutire party in his State," continued Mr. New, "and his friends everywhere confidently expect to see him in the Cabinet, and if he is not given a place there will be not a little disappointment. Senator McDomald is one of the brainiest men in the Democratic party, and with his thorough honor and integrity he would strengthen the counsels of any President. He is held in very high esteem by all classes at his home. With Senator McDonald in the Cabinet the ranks of the Democracy in Indiana would be well closed up. The leading men would be in prominent politions, and I should think the Democrats universally satisfied."

Speaking of the re-election of Senator Voorhees by the Indiana Legislature, now in session, Mr. New expressed the opinion that the Republicans would cast their complimentary vote for ex-Governor Porter, who had made an excellent and popular executive, and whose position before the people of the State at this time made it highly proper that he should be thus recognized for his services to the Republican party. Hon. John C. New, of Indiana, to a CRITIC

An Important Besolution Adopted

An Important Resolution Adopted by the Congo Conference.

The Congo Conference is just now attracting the attention of the whole civilized world. There is a good deal of comment because Mr. Kasson and General Sanford were at the conference. Some are inclined to criticise these gentlemen on the broad ground that American representatives had no business meddling in foreign matters. The truth of the story about Mr. Kasson's and General Sanford's presence at the conference is just told. They were there to see that a resolution indorsing the clothing house of Robinson, Parker & Co., southeast corner of Seventh and D streets, was passed The resolution was adopted. "Life on the Ocean Wave."

"Life on the Ocean Wave."

On Tuesday, at 2 o'clock, January 13, the Dickenson lifeboat Elizabeth will be lannehed from a Government vessel at the Nayy-Yard, and her capacities fully tested to be what the inventor claims for her—the only real lifeboat ever made.

The boat may be launched without use of tackles or davits, directly from the steamer's deck; needs no ballast, being filled with passengers before launching, who are protected from wet as completely as if in a steamer's cabin.

The Elizabeth will be tested as to her capacity as a self-righter; also, a purchase being used for turning her over, yet her passengers will find themselves perfectly dry even under water.

The general public is advised to attend the launch at the navy-yard, this being the first appearance of the Elizabeth on the Potomac, though she was tested a few weeks since in Baltimore basin, and gave general satisfaction, proving herself a self-righter and self-bailer. Had our ocean ateamers been supplied with Dickenson lifeboats, the daily papers would not have chronicled so many ocean calamities that have saddened our homes during the past year. From a humanitarian point of view the Dickenson lifeboat is a success.

Funeral To-day at the Congrega-tional Church. The funeral of the late J. H. Roberts took place to-day from the Congregational Church at 2 o'clock. The attendance was very large, Almost every lady and gentleman who could be spared from duty at the Government Printing Office was present to pay a tribute to their dead friend.

The religious services, which were of the most impressive character, were conducted by the Rev. Dr. Hawes, assisted by Dr. Richard Norris, of Wesley Church. The pall-bearers were A. D. Stidham, John Larcombe, D. G. Goodlee, J. K. Cleary, J. G. Franzoni, Columbus Denham, Thomas F. Sparks and Frank Miller.

Among the floral offerings which were sent to the house of the deceased were a vacant chair, full-sized and surmounted by a dove, contributed by the ladies in the

Raid on a "Poker" Reom.

Thomas Patton, a large mulatto man, who has been before the courts on various occasions for being a policy writer, has risen to the dignity of a proprietor of a poker room, and was in the toils this morning for violating the gambling laws.

Detectives Raif and Block and several officers from the Sixth Precinct testified to raiding the house of Patton, No. 1223 Tenth street, about 10 o'clock Saturday night, on a raiding order. They stated that they captured the defendant and seven players, who were engaged in playing "poker." The usual paraphernalis, chips, cards, etc., were confiscated. A number of witnesses testified to having played cards for money in the prisoner's place. A fine of \$100 and one day in jall was imposed, and an appeal was noted. Raid on a "Poker" Room

The Colored People's Exhibit at New Orieans.

Begister Bruce speaks in terms of admiration and high praise of the colored people's exhibit at the New Orleans world's fair. "It is simply astonishing." he says; "and is a splendid example of the industrial and asthetic progress made by the negro race in this country since the war. Many eminent writers in different reviews have contended that the negro race has been at a standstill aince the war, industrially and mesthetically. The most practical refutation of this statement is contained in the colored people's exhibit at New Orleans."

A Sense of Goneness. "Goneness" is bard to define scientifi-cally, yet you know what it is when it overcomes you. It is a compound of lassitude, debility, and "the misera-bles." flavored with a scasoning of "the blues." Now you know. To get rid of "goneness," take Brown's Iron Bitters and be well and strong. Mr. J. M. Gontry, Hannibal, Mo., says, "I took Brown's Iron Bitters for pain in the back, loss of appetite, kidney disease, with good results."
